

Human Child

Words and Music by Raffi
© 2006 Homeland Publishing

Nations of children ... on and on ... reaching out for love
Falling down, turning round, reaching out for love.

Nations of children ... near and far ... sailing round the sun
Tears and laughter ringing on, reaching out for love.

First world, 2nd world, 3rd world, 4th world,
One world for the human child
All rise up, join hands – for the human child.

Their world, your world, my world, our world
One world for the human child
All rise up, all join hands – for the human child.

Human tears fall the same, every culture you can name
Fear and sadness mark the pain of the human child

Human smiles form the same, of joy and laughter, right as rain
Human sunshine, love of life – the human child.

We are as one world, we can be one world
We can be one world, we can be.

We are as one tribe, we can be one tribe
We can be one tribe, we can be.

First world, 2nd world, 3rd world, 4th world,
One world for the human child
All rise up, all join hands – for the human child.

Your world, their world, my world, our world
One world for the human child
All rise up, all join hands – for the human child ...
for the human child ... oh, the human child.
