chorus:

Ray of hope, ray of sunshine, shining for tomorrow's child

Ray of hope, ray of sunshine, shining for tomorrow's child

a man of vision, was Ray Anderson, a man of heart, and dedication
man of conscience, and compassion, he heard the call of tomorrow's child
began to lead, a mid-course correction, in his work, around the world
inspired his business to make a change, from wasteful ways, to restoration

chorus:

Ray of hope, ray of sunshine, shining for tomorrow's child

Ray of hope, ray of sunshine, shining for tomorrow's child

bridge: (so) we keep on climbing , keep on climbing, we go
higher & higher up Mount Sustainability
we keep on climbing , keep on climbing, we go
higher & higher up Mount Sustainability

chorus:

Ray of hope, ray of sunshine, shining for tomorrow's child

Ray of hope, ray of sunshine, shining for tomorrow's child
